- Cal/OSHA Asbestos Consultant No. 96-2093
- NIOSH 582 Equivalent Training
- 40-Hour OSHA Safety Training
- 8-Hour OSHA Supervisor Training
- 4-Hour SQAQMD Rule 1403 Asbestos; Rules 401, 402, 403 Dust & Emissions
- UCLA Extension- Air Permitting, Regulatory Framework of Hazardous Materials, Hazardous Materials Management
- Manufacturer's Certification in the use of Niton XRF device

AFFILIATIONS

- Officer, Membership Secretary of ASTM E.50 Committee on Environmental Assessment, Risk Management and Corrective Action
- International Right of Way Association, Chapter 1 Environmental Committee Chairman and President (2015-2016)

PUBLICATIONS

ASTM International Manual, Technical Aspects of Phase I/II Environmental Site Assessments 3rd Edition, 2015.

AREAS OF EXPERTISE

- Asbestos & Lead Paint Management
- Compliance Permitting & Consulting
- Groundwater Assessment & Monitoring
- Health and Safety Compliance
- Industrial Hygiene & Air Quality
- Landfill Gas Monitoring
- Methane Assessment & Remedial Design
- Phase I and Phase II Environmental Site Assessments
- Property Condition & PMLA
- Preliminary Endangerment Assessments
- Regulatory Agency Liaison
- Risk Assessments
- Removal Actions & Work Plans
- Remediation
- Stormwater Pollution Prevention Plans

Norman S. Eke, CAC

Senior Vice President / Managing Officer-California Environmental Offices

District, San Bernardino City Unified School District, Desert Sands Unified School District, Rowland Unified School District and Ontario Montclair Unified School District.

Additional summarized experience includes:

- Phase I Environmental Site Assessments (Phase I ESA) - Completed and managed Phase I ESAs for EPA Brownfield Grantees, banks, cities, developers and school districts. Sites assessed have included heavy industrial, light industrial, landfills, shopping malls, schools/universities, hospitals, office buildings, parks, agricultural operations, residential, and undeveloped land. Mr. Eke is actively involved with the ASTM E50.02 Task Group for the ASTM1527 Standard for Phase I ESAs and co-authored an ASTM Published Technical Manual on this Standard.
- Phase II Environmental Site Assessments (Phase II ESAs) - In conjunction with Professional Geologists and Engineers, Mr. Eke has completed Phase II ESA scope of services throughout California, Nevada, Arizona and Oregon. He was active in the revising of the ASTM Standard for Phase II ESAs and co-authored an ASTM Published Technical Manual on this Standard.
- Preliminary Endangerment Assessments and Removal Actions - Mr. Eke was Principal in Charge for Preliminary Endangerment Assessments (PEA), Supplemental Site Investigations (SSIs) and Removal Actions. Work has also included the generation of PEA Workplans, Conceptual Site Models, and final PEA reports.
- Asbestos, Lead-Based Paint (LBP) and Fungal Surveys, Abatement Monitoring, and Clearance Sampling - Completed and managed asbestos, LBP and fungal projects in conjunction with Certified Site Surveillance Technicians and CDPH Certified Lead Professionals to complete surveys, abatement specifications and abatement monitoring projects on public works projects, hospitals, hotels, schools/universities, retail shopping malls and commercial offices.
- Methane Assessment, Monitoring and Remedial Design - Provided methane assessment to developers in accordance with City of Los Angeles City Building and Safety Department. Monitoring Services. Work has been completed for the Los Angeles Unified School District at RFK High School and Roybal Learning Center, Landfill Gas Monitoring to the Los Angeles County CEOs Office and design and installation of methane mitigation systems on low-rise residential buildings in Downtown Los Angeles.
- Remediation - Completed and managed dig and haul, soil vapor extraction, air sparge, pump and treat remediation projects.
- Storm Water Pollution Prevention Plans (SWPPPs) - Assisted and was the Principal In Charge for the preparation of SWPPPs for military, residential and commercial construction sites in conjunction with Qualified Stormwater Developers and Practitioners.
